

December 1, 2021

Town Hall Annex

5 Linsley Street, 2nd Floor Room 205

North Haven CT 06473

To whom it may concern:

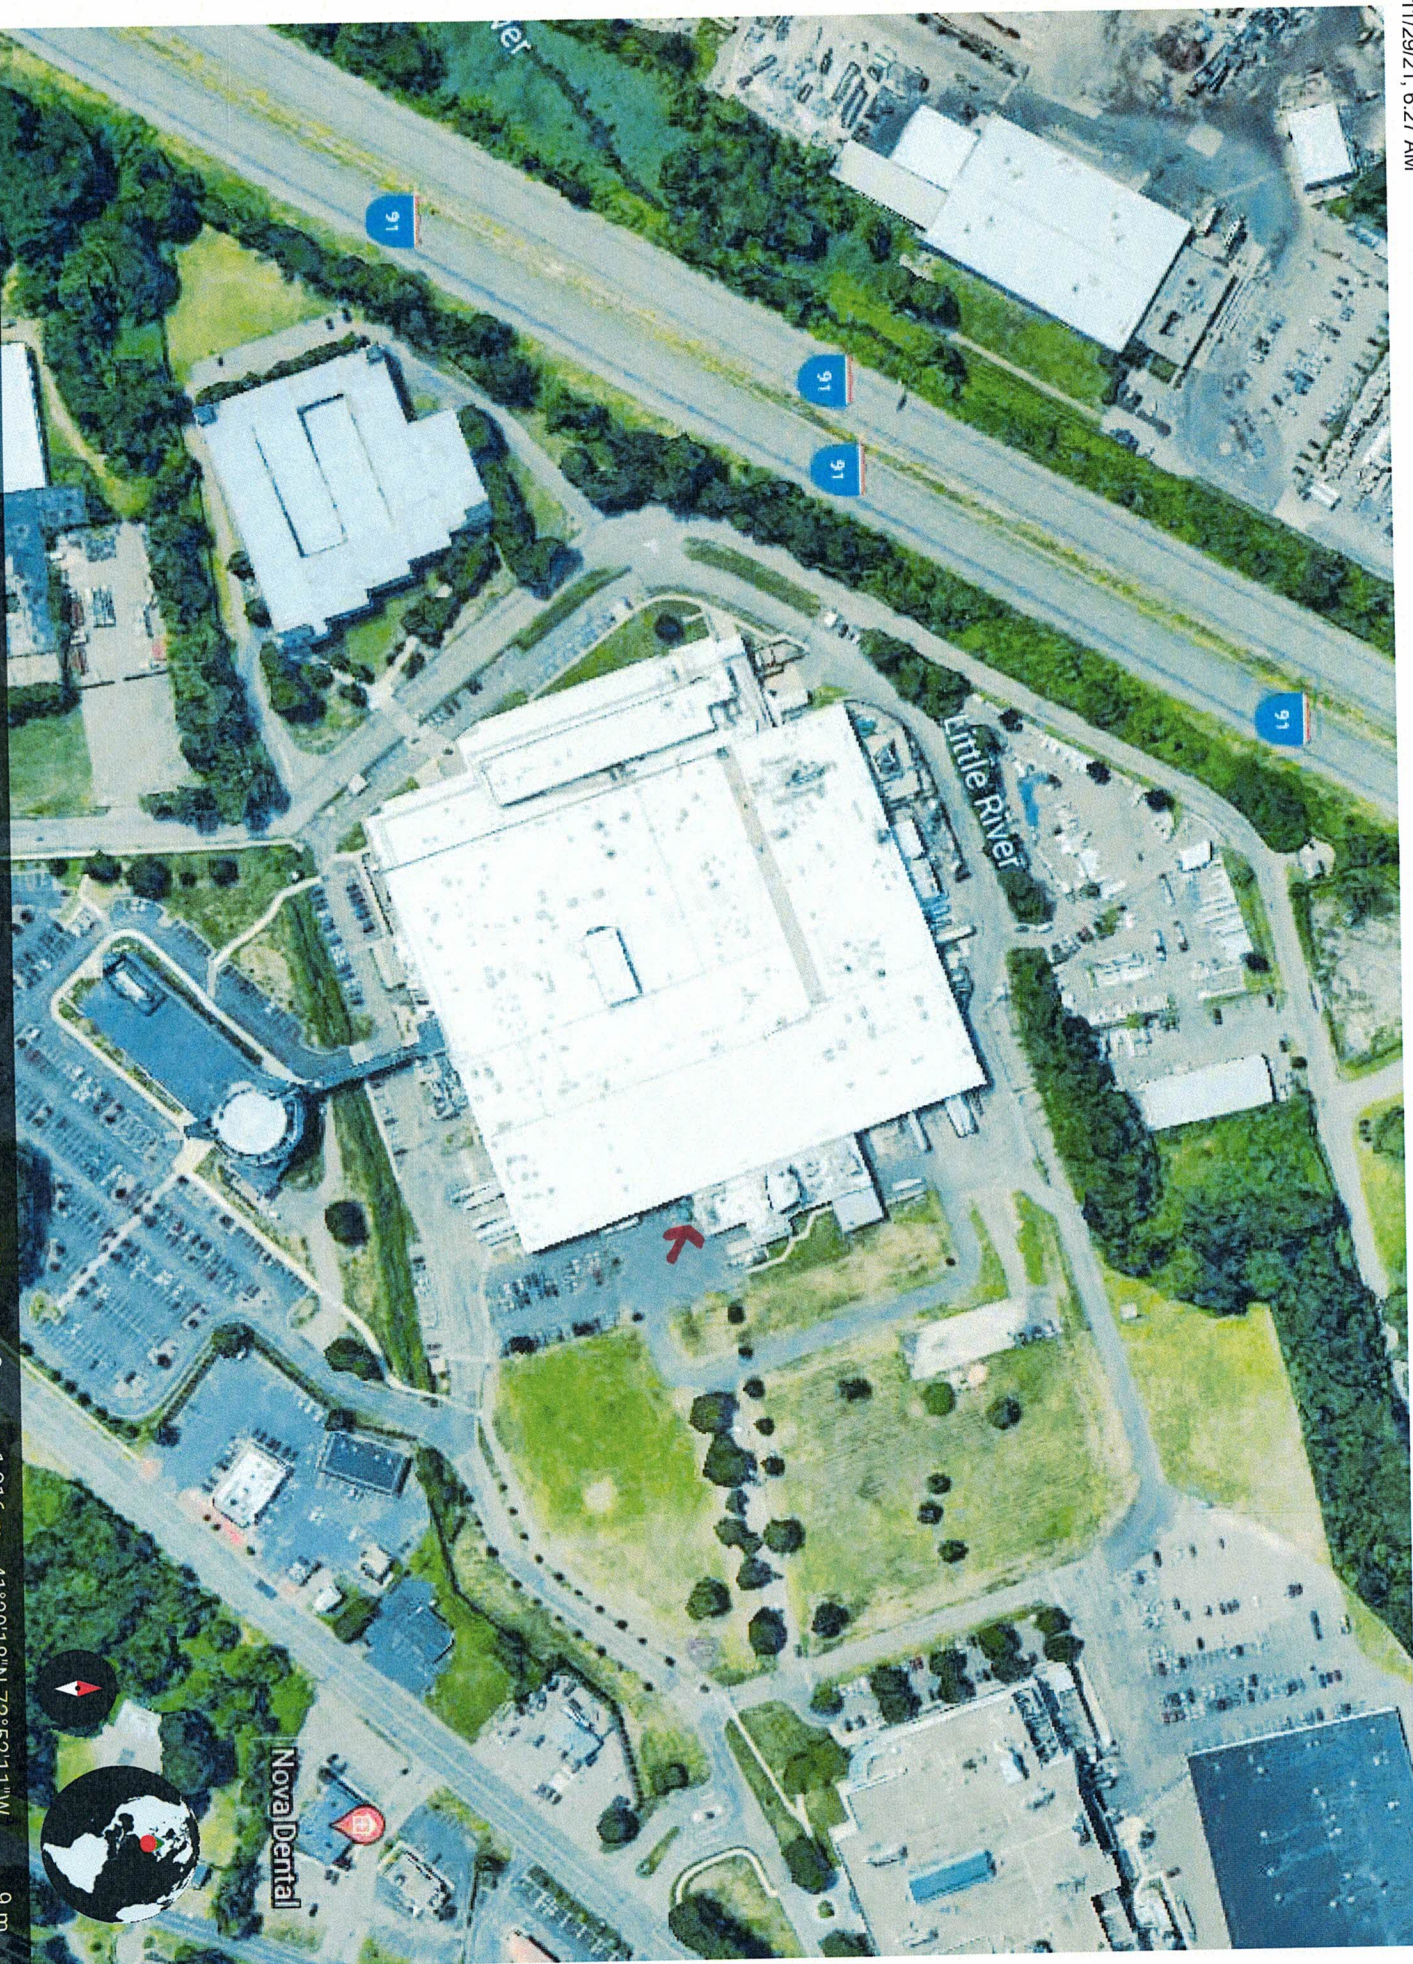

Medtronic is requesting the approval to install a new standby Generator for the Main Building at 195 McDermott Road which will be located South of the Sterilizer Building and East of the Warehouse. The Standby Emergency generator will be a 750 Kw Generator in which the dimensions will be 16 feet in length, 8 feet in width and 10 feet in height and its weight will be 26,000 pounds with a fuel capacity of 2,600 gallons. Attached you will find an overall photograph showing the location for this new generator and its relationship to our overall site, with respect to our entire property. This Generator is part of the recently approved Sterilizer Building Degasser addition Project.

Thank you for your time and effort in this matter.

Sincerely,

George Kochera
