Subject: P&Z Agenda April 5, 2021

Alan,

P21-07 120 Half Mile Rd

Due to the setback of the proposed home(s) from Half Mile Rd and the fact that the closest and only hydrant for this residence would be in excess of 800' away, another hydrant is to be installed at the entrance to Lot #2 from Half Mile Rd. Alternatively the builder may install residential sprinklers which are NFPA 13D compliant and/or such design shall be acceptable to the North Haven Fire Department.

P21-08 & P21-08S 80 Old Broadway West

There are no concerns regarding the submitted site plan or zoning application for this property. The FD will need to conduct an inspection in advance of a CO being issued to ensure compliant life safety and fire suppression system(s) if applicable are in place and adequate for the intended occupancy type.

All other agenda items listed have been previously provided with any relevant comments or concerns. Should you have any additional questions or concerns please let me know.

Respectfully,

Paul M. Januszewski,
