Andrew - Veolia can complete Cured In Place Pipe (CIPP) Lining of the 2 x 15" RCP siphons at the Sackett Point Bridge for an Estimated Budget Price of \$243,000.

1. Work will be completed under the Agreement for Services dated September 1, 2011
2. Mobilization - 1 month following Notice to Proceed
3. 2 x 250 lf (estimated) 15" RCP. Install polyester resin impregnated CIPP liner in accordance with ASTM F1216 using either water or air/steam
4. Pre-clean and CCTV
5. Work will be completed during low flow conditions. One pipe section at a time
6. Post lining CCTV inspection
7. Town of North Haven will provide access and use of fire hydrants to complete flushing and slip-lining
8. The condition of the pipe is the responsibility of the Town of North Haven

Work not included:

1. Bypass piping or pumping
2. Any cost for obstruction removal, protruding tap removal, point repairs, or excavation
3. Lateral sewer lining
4. Sealing of any service connections or terminations
5. Rehabilitation of services
6. Police detail
7. MBE / WBE
8. Bonds
9. Sales and use tax
10. Testing, removal and/or disposal of hazardous or contaminated materials
